### **We're Back!**

All of us here at PPM Technology would like to take this opportunity to apologise for the absence of our newsletters over the past year.

Gareth Evans, our in house Marketing and PR gentleman has moved on to pastures new.

We now have a new staff member taking over from Gareth Evans. Leonie Mills will now be keeping you up to date on all the developments and latest stories from PPM Technology. If you have any questions or need any help, please feel free to contact her at [leonie@ppm-technology.com](mailto:leonie@ppm-technology.com)

### **We're Expanding!**

Last year we mentioned that we had the opportunity to buy the unit that we were renting and the one next door.

We are now nearing completion on extending our labs and production facilities next door and look forward to completion. We will be putting up pictures of the finished extension on our Facebook and twitter pages if you are interested in seeing where we make our products!

### **Baby Joy for Hannah!**

Hannah in our office, who you've probably communicated with many times is going to be going on maternity leave in October. We would like to offer her our best wishes from everyone at PPM Technology.

### **Welcome Back Laura**

We have just welcomed Laura Roberts, one of our Chemists back to PPM Technology after 9 months maternity leave.

We are very pleased to say that Laura and her partner Eurwyn

### **University Placement**

Adrian Cucu joined PPM Technology a couple of weeks ago from Bangor University as part of a GoWales placement concentrating on computer programming. We are hoping that Adrian will consider staying on with us after his placement ends.

who also works with us as one of our production team had a healthy baby girl, who turned one on last Monday. Once again we would like to congratulate the couple and wish them all the best!
